

TRAIN OF THOUGHT

MON VALLEY RAILROAD HISTORICAL SOCIETY, Inc.

December, 2023

EDITORS NOTE

It's December, where has the time gone? I guess it's true, Time flies when you're having Fun! I have had fun this year working on the new O gauge layout and I hope everyone who has been working on our HO & N scale layouts has had fun too.

Work sessions will soon wrap up for a short time as we get ready for our last open house of 2023.

The Holiday Open House is just two weeks away on December 16 & 17. I know this is a busy time of the year with Christmas coming soon but we need everyone's help to make it Great. Please, set aside some time to help!

We continue to have visitors on the days we are working on the layouts. Many just see the doors open and ask if they can come in and look around. When they do, please be friendly and show them around & answer any questions that they may have. It builds good will with our community and may get us a few new members. It helps us and makes people feel good inside. Feeling good inside for me is pure joy! Remember, Model Railroading is Fun!
